On the occasion of the 9th Zuger Art Night Saturday, 29 October 2022, the exhibition "In Harmony" was opened and will be on display until the end of January 2023.

Artist Sandra Schawalder has developed new creations. An interplay of colours on canvas. Elso Schiavo's new wooden sculptures on the theme of „Woman“ unite the harmonious exhibition into a whole.

Anna Marie Arrigoni, Arrigoni Handel mit Kunst & Kunstmarketing Cham about Sandra Schawalder's new works.

"In Harmony"

The new pieces by Sandra Schawalder immerse us in landscapes of colour and form. Harmoniously arranged, her works are a delight and at the same time an inspiration to the eye of the beholder.

Like a symphony, the colour glides across the canvas, stimulating the imagination to interpret the picture in one's own perception.

From the abstract to the cubo-futuristic phase, her paintings evolve into moving landscapes of colours and shapes.

Her new works also feature floristic sections, resembling a colourful sea of gold-leafed blossoms.

The works seem like a composition. An aesthetic system of selected colours and shapes developing into a moving whole.

With her newly created works, the artist can be seen in the showroom for the second time.
